Conference in honour of Dave Benson's 60th birthday
June 23 – June 26, 2015

Tuesday

Morning:

09:00–09:05	Opening	
09:05–10:05	Jon Carlson	Thick subcategories of the relative stable category
10:05–10:30	Coffee	
10:30–11:30	Joseph Chuang	Derived localisation of algebras and modules
11:45–12:45	Karin Erdmann	Nilpotent elements in Hochschild cohomology

Afternoon:

16:00–16:30	Anna Paula Santana	On Auslander- Reiten sequences for Borel-Schur algebras
16:30–16:50	Coffee	
16:50–17:20	Christopher Drupieski	Universal extension classes for algebraic supergroups
17:30–18:00	Sejong Park	Cohomology of fusion systems
18:30	Dinner	
20:00	Whisky Tasting	(for interested participants)

Wednesday

Morning:

09:00–10:00   Bob Oliver   Automorphisms of fusion and linking systems of finite groups of Lie type

10:00–10:30   Coffee

10:30–11:30   Ellen Henke   Subcentric linking systems

11:45–12:45   Antoine Touzé   Frobenius twists and the cohomology of algebraic groups

Afternoon:

13:00–18:30   Excursion

19:00   Dinner

Thursday

Morning:

09:00–10:00   Srikanth Iyengar   Varieties for modules over commutative rings

10:00–10:30   Coffee

10:30–11:30   John Greenlees   Chromatic Gorenstein descent: homotopical Watanabe theorems

11:45–12:45   Julia Pevtsova   Stratification and cosupport for finite group schemes

Afternoon:

16:00–16:30   Jonathan Elmer   Symmetric powers of modular representations of elementary abelian p-groups

16:30–16:50   Coffee

16:50–17:20   Radu Stancu   Vanishing evaluations of biset functors

17:30–18:00   Bregje Pauwels   Quasi-Galois extensions in tensor-triangulated categories

18:30   Dinner

Friday

Morning:

09:00–10:00	Ragnar-Olaf Buchweitz	A McKay Correspondence for Reflection Groups
10:00–10:30		Coffee
10:30–11:30	Jesse Burke	Generalized Koszul duality applied to complete intersections rings
11:45–12:45	Jeremy Rickard	Simple Modules and Stable Categories

Afternoon:

16:00–17:00	Serge Bouc	Representations of finite sets
17:00–18:30	Free time	
18:30	Dinner
